

MODEL #
PLT01

TRANSITION **PLATE**

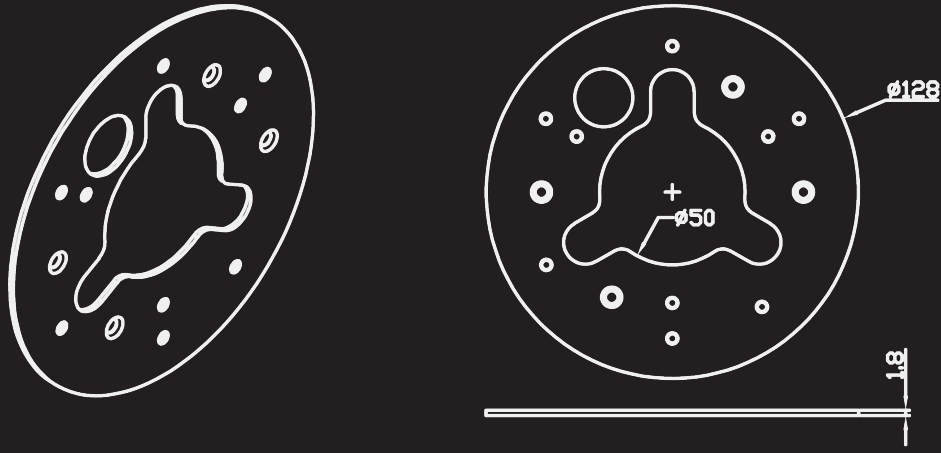

The **PLT01** Transition Plate is a durable mounting accessory designed to provide a clean, secure, and organized installation for compatible surveillance cameras, specifically the FLF and D2 models. Engineered for professional security setups, it effectively conceals and protects internal wiring while ensuring a tight, reliable fit.

Constructed from high-quality materials for long-lasting durability, the PLT01 simplifies both installation and routine maintenance, making it an ideal choice for both residential and commercial applications.

Camera Compatibility: Compatible with FLF (Lite Series Flat Dome) and D2 (Lite Series Mini Dome) models (D2 uses a 2-screw attachment for a tight, secure cable fit).
