

MODEL #
PLT02

TRANSITION **PLATE**

The **PLT02** Transition Plate is a durable mounting accessory designed to deliver a clean, secure, and professional installation for compatible surveillance cameras, specifically the TEB and XEB models. Built for long-lasting reliability, it neatly conceals cable connections while protecting internal wiring from environmental factors and wear.

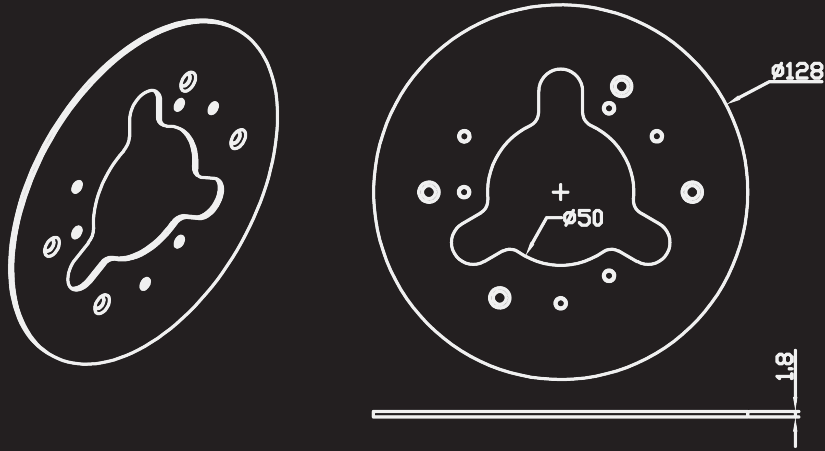

Engineered for both commercial and residential security setups, the PLT02 simplifies installation and maintenance while maintaining a sleek, low-profile appearance.

Camera Compatibility: Compatible with TEB (Lite Series Eyeballs) and XEB (Pro X Series Eyeballs) camera models.
